Anti-Stress

TESTED THC:

24.6% -
28%

Notes from the breeder:

Dawgwizz f2 is chaotic. A cross of Blissful Wizard and Dawg Sauce, It confuses your palette until you really take the time to understand what's happening. Slight berries and licorice/gas on the inhale leads to sour notes dancing across your tongue and creamy dough terps on the exhale. There are layers to peel back on this complex strain.
